Press Release

Japan Analytical Instruments Manufacturers' Association (JAIMA)

JAIMA to Host Second Advanced Diagnostics Forum at BioPharma Asia Convention 2015 in Singapore

The Japan Analytical Instruments Manufacturers' Association (JAIMA; 1-12-3 Kanda Nishikicho, Chiyoda-ku, Tokyo 101-0054; chaired by Shigehiko Hattori, chairman of Shimadzu Corporation) is pleased to announce its plans to host the Second Advanced Diagnostics Forum on this March 24 in Singapore.

The forum will be convened during BioPharma Asia Convention 2015—an event slated for March 23 to 25 in Singapore—at Freemium Theater 2 within Suntec Singapore Convention & Exhibition Centre.

With the Advanced Diagnostics Innovation Zone at the Japan Analytical & Scientific Instruments Show (JASIS) 2015 designed to address the keynote themes including Biopharmaceutical R&D and Drug Discovery, JAIMA will utilize the partnership with this latest BioPharma Asia Convention to invite the convention to JASIS. At the same time, it will conduct PR for the JASIS diagnostics project targeting contract research organizations (CRO), contract manufacturing organizations (CMO), pharmaceutical companies, and other participants at the convention, thereby promoting advances by that project into the Asia region.

JAIMA will be sponsoring a booth at BioPharma Asia Convention 2015, with that space also to be used for exhibits by companies delivering presentations at the Advanced Diagnostics Forum.

BioPharma Asia Convention 2015

BioPharma Asia Convention, the largest-scale biotech drug industry event in Asia, is being held for the eighth time this year. Gathering for the occasion will be over 2,000 experts from the CRO and CMO industries, drug company representatives, medical professionals, and other participants. The convention will include exhibits of new drugs and technologies, as well as seminars, symposiums, workshops, and business meetings concerning pharmaceutical manufacturing services.

- Dates:

March 23 to 25, 2015 (March 23 limited to workshop sessions)

- Venue:

Suntec Singapore Convention & Exhibition Centre, Singapore

- Sponsor:

Terrapinn Pte Ltd. (1 Harbourfront Place #18-01, Harbourfront Tower 1, 098633, Singapore)

- Official website:

<http://www.terrapinn.com/exhibition/bio-asia/index.stm>

Japan Analytical & Scientific Instruments Show (JASIS)

JASIS, Asia's largest-class exhibition of analytical and scientific instruments, is an annual event co-sponsored by JAIMA and the Japan Scientific Instruments Association (JSIA). This year's edition will be convened over the three-day period of September 2 (Wed.) through 4 (Fri.) at Makuhari Messe and nearby facilities.

Profile of Second Advanced Diagnostics Forum in Singapore

1. Official English name:

JAIMA Advanced Diagnostics Forum

2. Date and time:

March 24 (Tue.), 11:00 a.m.–5:00 p.m.

3. Venue:

BioPharma Asia Convention 2015, Freemium Theater 2,
Suntech Exhibition & Convention Centre, Singapore

4. Talks (see following forum program for details):

- Keynote lecture

Shohei Yamamura

Planning Officer, Research Planning Office of Life Science and Biotechnology,
National Institute of Advanced Industrial Science and Technology

- Invited presentations

Four JAIMA member companies, four non-JAIMA-member companies, two JAIMA affiliated companies

5. Inquiries:

Japan Analytical Instruments Manufacturers' Association (coordinator: Kyoichi Komori)

Tel: +81-3-3292-0642

E-mail: webmaster@jaima.or.jp

Forum Program (March 24, 2015)

11:00	Welcome Address
	Takeshi Kawamoto, Chairman of the International Affairs Committee, JAIMA
Key Note Lecture	
11:05	Cell Microarray Chips for Early Diagnosis
	Shohei Yamamura, Ph.D., Planning Officer, Research Planning Office of Life Science and Biotechnology, National Institute of Advanced Industrial Science and Technology (AIST), Senior Researcher, Health Research Institute National Institute of Advanced Industrial Science and Technology (AIST)
Invited Presentation	
11:35	The Introduction of "Cell3iMager"/High Throughput Imager for 3D Cultivation Cell
	Yasutaka Nakamura, Deputy General Manager, Screen Holdings Co., Ltd.
12:05	Adding Value through an Integrated Approach to Capital Projects
	Dr. Paul Stewart, President, Azbil Telstar North America, Inc.
12:35	Rapid and High-Sensitive Immunoassay System utilizing Fluorescent Magnetic Nanobeads
	Kotaro Terada, Biotronics Laboratory, Tamagawa Seiki Co., Ltd.
13:05	Intelligent Surface for Cell Culture and the Application
	Surendran Krishnamurthi, Regional Product Manager (South East Asia), Cell Seed Inc./ Thermo Fisher Scientific (Singapore)
13:35	(Lunch break)
Presentation by Affiliated Companies of JAIMA	
14:00	Current Status and Future Directions of Advanced Diagnostics in Japan and Approaches by JAIMA
	Hisashi Iwase, President, Bio Discovery
14:20	Introducing Marketing Solutions to make Inroads into the Life Science and Biotech Businesses of Japan
	Yoshimitsu Obata, President, Bio Associates
Presentation by JAIMA Member Companies	
14:30	EREXIM - A Novel Approach for Identification of Glycans Using Triple Quadrupole Mass Spectrometry
	Sandy Nargund, Manager of MS and Chromato, Shimadzu Asia Pacific Pe Ltd., Singapore

15:00	Advancing the Frontiers of Analytical Sciences with Agilent's innovated ICP-QQQ and FTIR microscope and Imaging system
	Steven Pang, Spectroscopy Product Specialist, Agilent Technologies (Singapore)
15:30	Coffee Break
16:00	Application of Raman Spectroscopy to Bio Pharma Process -Investigation of Molecular Interaction of a Protein in Highly Concentrated Solution
	Dr. Satoshi Nomura, Institutional & Academic Relations Office, HORIBA Ltd.
16:30	Introduction of Recombinant Protein Providing Service for Research Solution by Silkworm-Baculovirus Platform
	Kohei Shiba, Ph.D., ProCube Business Development, Sysmex Corporation
17:00	Closing Remarks
	Takeshi Kawamoto, Chairman of the International Affairs Committee, JAIMA
